

HARBURG AN EXPERIENCE

The history of Harburg dates back far into the past and its location right next to the river Wörnitz as well as the impressive medieval castle, which is towering above the old town, make it possible to catch glimpses of its turbulent history.

But Harburg offers more: an extensively renovated old stone bridge, the synagogue dating back to 1754, the marketplace with the „Moser Haus,“ the „Strölinhaus“, the churches of „St. Barbara“ and „Herz-Jesu“ as well as numerous picturesque corners!

Should your sightseeing activities make you hungry, Harburg's restaurants will offer you a wide variety of traditional Bavarian dishes.

Harburg is closer than you think: right in the centre of the Geopark Ries - exactly between Nördlingen's historic city and the old imperial city Donauwörth. Here the Romantic Road will lead you directly to Harburg and everything it has to offer!
